Around the Square

Last week we moved 23 beautiful acres from Sierra Madre Blvd. to Grandview, with the mere flick of a few typewriter keys. The property at Canon and E. Sierra Madre Blvd., belonging to Bassett and Washburn, was involved in our joke about their sign—spelled "Nursuries."

After we mistakenly wrote E. Grandview instead of E. Sierra Madre Blvd. the joke was strictly on us. We couldn't have been more clumsy if we had used a bulldozer.

Our substituting Grandview for Sierra Madre Blvd. is a mistake we made once before. Can't figure it out, unless it's because we've lived on E. Grandview for 11 years—in a section of country that is dear to our heart. It's a big chunk of acreage belonging to Cameron Dickinson, where the deer still come down in broad daylight to stare at you dreamily—while eating your hibiscus bushes.

We used to chase the deer away, slapping our hands and shouting insults, but now that developing subdivisions nearby have curtailed the creatures' routine we don't do that any more.

In fact, when the deer now make their timid visits, we offer them any green thing on the place. We hate to see them go.

We, too, hate to go—from the News. Obligations in other directions have finally caught up with us, so we're turning the job over to Verna Lombard, a fine newspaper gal whose name you've seen before (if you read the masthead on the editorial page).

We'll still be around, however—off and on—to sneak in a story. People in this business never quit. Some of us don't even have sense enough to fade away.

Before we leave, we want to thank Bill Burke for the beautiful coverage he gave us on the Foothill Community Fair. An ex-newspaper man, Bill contributed his services, for free, to help the project publicity-wise.

Martha Coutant is another "publicity chairman" in town who has done a lot of reporting for almost any kind of community enterprise you can name.

People like that are the ones who work behind the scenes, and seldom, if ever, take a bow. From the viewpoint of a village editor, however, their names arouse nothing but applause.

There are others we should list, but space doesn't permit. Which is too bad, on account of there are so many fine people in this town. It's been nice knowing them.

And we do mean YOU!

Car, Motorcycle In Collision; Cyclist Treated at St. Luke

An automobile driven by David A. Kirchner of Los Angeles and a motorcycle operated by Winfield Abbe, age 14, 515 Manzanita, collided Sunday at Sunnyside and Montecito. Abbe, son of Mr. and Mrs. Charles Abbe, was taken to St. Luke Hospital for treatment of bruises and abrasions and discharged an hour later.

Investigating police officers Randall Fish and Alfred E. Mazzuca, the latter a newcomer to the force, reported that the motorcycle was demolished and there were \$50 damages to the automobile.

Paper Drive To Be Resumed

After a three-week lapse in pick-ups for the Swimming Pool Fund paper drive, the regular scheduled will be resumed Saturday, according to Sam Simpson, chairman. The pick-ups were suspended during the Community Fair last week and were behind anyway, Simpson says, due to lack of sufficient volunteers.

Pick-ups will be made Saturday after 12 o'clock noon in the section of town north of Sierra Madre Blvd. between Baldwin and Michillinda, and at other addresses which may be telephoned before Saturday to Simpson at CU. 5-3183.

The need still is for volunteers and Simpson has asked the assistance of the three co-operating men's organizations, the Kiwanis, Lions and VFW, in making a concerted effort to provide workers in order to get caught up Saturday. With 15 men and at least 10 cars, he says, the job can be done in two hours at the most. Volunteers are asked to gather at the paper collection lot east of the Woman's Clubhouse at noon Saturday.

Judge John C. Mead, custodian of the paper drive funds, reports a total of \$355 banked thus far with two loads still to be paid for, not including this coming Saturday's collection.

Judge Mead has again asked the cooperation of residents in tying up JUST newspapers for collection. Trash and magazines are not acceptable and cannot be sold.

A total of 71,820 pounds of paper has been collected and sold between the start of the drive Feb. 27 and the end of May. This poundage is broken down as follows: February, 6220; March, biggest month, 31,920; April, 15,360, and May, 18,320.

Estimate Breakfast Proceeds at \$350 For Swim Pool Fund

The Sierra Madre Swimming Pool Fund will be increased by another \$360, Francis Eakman estimates, after the community breakfast ticket sales are all tallied and obligations paid.

Eakman was chairman of the breakfast held Saturday at the city park. Approximately 200 persons were served a hearty morning meal of fruit, juices, bacon, eggs, hot rolls, jelly and gallons of coffee. Some of the food was donated. All that was surplus Eakman was able to sell, adding to the profits.

Those attending, as well as the staff of volunteer workers, were full of praise for the undertaking and hope was expressed that the affair might become an annual event with various community projects sharing in the proceeds or a designated one each year, Eakman suggests.

The chairman voiced a blanket appreciation this week to the approximately 30 men and women who assisted him and to the Girl Scouts who helped in the post-breakfast clean-up job.

Summer Events Start Tuesday

Sierra Madre's annual summer recreational program for children will get underway again this year with opening day and registration set for 10 a.m. Tuesday, June 23, in the city park.

Recreational Director Philip Mitchell will be on hand to inaugurate the usual program of arts and crafts, sports, including tennis, shuffleboard, volleyball and croquet, circle games, rhythms, dancing and singing.

Mrs. Tisor on Staff

Mrs. Naomi Tisor will be in charge of arts and crafts again this year. The balance of Mr. Mitchell's staff will be announced later.

The program will be in progress daily, except Saturdays and Sundays, from 10 a.m. to 3 p.m. A slight admission charge is required to defray the costs of arts, crafts and other materials used.

Children who will most benefit by the activities planned are in the age group of those beginning second grade in the fall and those in sixth grade, according to the director. Newcomers in Sierra Madre or to the age group designated, should be accompanied by an adult to register.

FAIR OVER, WEARY WORKERS TALLY UP

SCENES LIKE THESE are familiar to the thousands who attended the Foothill Community Fair in progress last week under the co-sponsorship of the Sierra Madre Kiwanis, Lions and Veterans of Foreign Wars. Top left: Dr. Daniel D'Arcy, general fair chairman, with Cal Lyon, co-ordinator. Top right: Some kids approach the next big dip with mixed emotions. Bottom left: Spectators at one of the popular rides. Bottom right: Mrs. Roger Benedict, who was in charge of the hobby exhibit, pauses to smile for the cameraman.

Carnival Candids And Cute Coincidentals

Mrs. Virg Smith, 241 North Lima, who won the grand prize at the Community Fair, a trip to Honolulu, has . . . you guessed it . . . been to Honolulu, not once or twice but three times!

And where is she today? She's in San Francisco at Travis Field to greet her husband on his arrival from . . . Honolulu! He's been away a year on a construction project in the Marshall Islands.

Mrs. Edward R. Oliver, 246 S. Sunnyside, whose mother has been visiting her from Oakland, wanted to respond to the appeal for cakes and pies to be sold at the Fair . . . but time was short, what with one thing and another, and Mother was handy. So Mrs. Lawler baked "a little old apple pie," in a hurry; even had trouble getting the crust tanned.

To Mrs. Oliver's surprise later, after seeing the mouth-watering company the pie was in, she was awarded a ribbon and in the momentary excitement she just sort of coasted

on her unearned laurels and accepted a few compliments with becoming modesty. That was, until one of her young sons spoke up:

"YOU didn't bake that pie, Grandma did!"

Mrs. George Mackanic, who won the Hobby Exhibit's first prize for knitting against heavy competition, tells this on herself: The sweater that won the prize for her, a three-color reindeer job, was available for exhibit because her son, whom she knitted it for, refused to wear it!

But now that its merits have been well established she's going to enter the sweater at the Pomona Fair!

Harold Pangborn says that the two Lions Club booths, Sierra Madre and East Pasadena, fared poorly, thanks to the professional dart thrower and tosser who cleared both booths of prizes!

Walked off, he did, with 15 pounds of bacon and four hams from the East Pasadena booth alone. They had to buy some of the stuff back to stay in business. Seems no-one had warned the booth managers about the general fair practice of posting a maximum.

George Barnett at the P-TA's hot dog concession got burned on face and hands with butane gas. With hair, eyebrows and lashes singed, he was rushed first to the Civilian Defense truck on exhibit, which was stocked to the last inch with blankets, shovels, picks and what have you in the disaster equipment line. Found that in all this not a bandaid did it contain!

SEEN AT THE FAIR

Harrassed expressions on parents' faces as their Johnny and Susies (1) wanted to ride "just once more"; (2) didn't WANT to ride what Mommy was sure they'd enjoyed riding; (3) dropped candied apples and that sugar fluff and scones in the sawdust immediately after Daddy had purchased same for the seventh

Elected along with Mrs. Marmion were: Mrs. George Osborn, vice-chairman; John L. Fitzgerald, treasurer, and Mrs. E. W. Carver, secretary.

The board recommended that the membership solicitation for the next yearly period be held up pending consideration of the acceptance of Family Service by the Sierra Madre Community Chest.

The Pasadena Family Service, of which the local organization is a branch, is already a Community Chest agency.

Pool Fund May Gain \$1000; Chairman D'Arcy Lauds Aids

Sierra Madre, eager for a community swimming pool, has had its fling at fund-raising via the sawdust trail.

Even as the final strains of carnival music and barkers' harangues were fading away Sunday night, the hard-working co-sponsors, the Kiwanis, Lions and Veterans of Foreign Wars, began to take stock.

A complete accounting statement of the fair finances has been assured by William Bodley, fair finance chairman, for early next week.

How It Looks Now

Based on preliminary figures supplied by Mr. Bodley, the following picture had emerged by press time:

Other than approximately \$1000 cleared by organization-sponsored booths and earmarked for the swimming pool fund, it is reported that there were no profits . . . and is no deficit.

As nearly as can be determined at this point, the total take was approximately \$10,500. Of this approximately \$5000 goes to the Pan American Amusement Corp. and this breaks down as \$3800 representing 80 per cent of the net amount (\$4772) taken in on rides, and \$1300 for rental of equipment.

That Honolulu Trip

The remaining \$5500 will cover such expenses as the \$500 prize trip to Honolulu, \$100 to the seller of winning ticket, costs of the queen contest, taxes on admissions, booth decorations, preparations and maintenance of grounds, electricity, gratuity to the lessee of property on which fair was held, insurance, publicity and advertising, office space and personnel.

The amusement corporation take also can be regarded as something less than expected. Under terms of their contract with the fair committee, they were to receive 80 per cent of the rides, \$3500 for rental of equipment and 15 per cent of the profits, if any. The same contractual agreement also gave the committee the security of a guarantee against loss.

Booths Save the Day

Of the \$1000 (these figures all, of necessity, are approximate) realized by booth sponsors, the largest contribution will be the \$700 from the booth featuring plants, hobby exhibits, jams, jellies, cakes, pies and paintings by local artists.

This booth was sponsored by the Sierra Madre Garden Club, the P-TA associations of the City School, Ascension Day School, Don Benito and Eugene Field schools, Community Nursery School, Highland Oaks

Burglary Suspect Denied Writ; Ordered To Appear June 25

Michael Domingo Morales of Monrovia was arrested yesterday morning on a felony warrant after being denied a writ of habeas corpus in Pasadena Superior Court. He entered a plea of not guilty, bail of \$1000 was posted for him and he was released on a surety bond with orders to appear for preliminary hearing June 25 in Superior Court.

Morales had been arrested in Sierra Madre June 6 at the corner of Mountain Trail and Orange Grove by Patrolmen Robert Heasley and Randall Fish. Sgt. Frank Buchanan filed a felony complaint against him on June 9.

Morales was walking to his car when Heasley and Fish stopped him for a routine check-up. When it was discovered that Morales was carrying a 1D-inch pry bar, a piece of wire bent into a hook and suede gloves, he was taken to the police station for questioning.

At 10 minutes past midnight Harry Fischer, 260 S. Mountain Trail, reported that his house had been entered. Clothing and furniture had been disarranged but reportedly nothing was taken.

Investigation by Sgt. Buchanan and the two patrolmen disclosed chips of paint from a window of the Fischer home matched those found on the pry bar belonging to Morales who still denied the charges.

The evidence was sent to the Los Angeles sheriff's crime laboratory.

group, Children's Hospital Guild of Sierra Madre, St. Rita's Guild, Sierra Madre kindergarten mothers and some individuals. It was under the general direction of Mrs. Arthur C. Bohart.

The Kiwanis booth cleared a little over \$150 which goes to the swimming pool fund. The Lions booth cleared \$101 and Evan Dennis of the VFW reports a net of \$107. The booth operated by Aerojet Engineering Corp. cleared \$290 for the Aerojet Toastmasters' Club. Reports are not in from the East Pasadena Lions Club, and the Foothill Jewish Community Center.

Road Has Been Rocky

The Fair endeavor has been beset with difficulties since a month ago when the committee found itself on the spot for a spot on which to hold it . . . and under contract by then to the amusement corporation. Failure to find another location, after the City of Pasadena refused use of the previously chosen site near Foothill and Michillinda, would have amounted to breach of contract and the committee then would have been liable for payment in full of any expenses incurred to date.

Share Responsibility

When the path finally was cleared for use of the new location, Los Angeles County property adjoining Victory Park on Sierra Madre Blvd., and the Fair became an actuality, terms of the contract were fulfilled and the amusement corporation then in a position to share the ups and downs of the Fair.

As a result, the corporation received everything over the other expenses, the \$1300 previously mentioned, a figure somewhat lower than the \$3500 rental expected. Had there been a loss, the amusement corporation would have absorbed that, according to the contract.

This information spikes the few rumors around town that the Fair suffered a deficit.

Dr. D'Arcy Quoted

Of all this Dr. Daniel D'Arcy, general fair chairman, had this to say:

"As far as I'm concerned the Fair was a salvage operation since a month ago. When the location at Foothill and Michillinda was pulled out from under us and a new site in doubt we lost a lot of our paying exhibitors."

"Our efforts . . . and hopes . . . since then have been to avoid a loss."

"All in all it was a good thing, a fine experience, a good clean operation. It publicized the swimming pool efforts, the kids had a lot of fun and a lot of people who have my deepest thanks showed how tirelessly and cooperatively they could work together."

Committee Listed

The Fair Committee headed by Dr. D'Arcy included: Ralph "Pappy" Welch, queen-contest chairman; Sam Simpson, merchant exhibit space chairman; William Burke, publicity chairman; Mrs. Martha Coutant, assistant publicity chairman; Glenn MacMillan, parade chairman, Joe Hinojos, official photographer; William Bodley finance chairman, and Mrs. Fannie Mae Lockwood, entertainment chairman, and Alyce Herrold, secretary.

A lot of prizes were awarded at the Fair and lists still are not complete but Mrs. Roger Benedict who was in charge of the hobby booth and exhibit announces the following classifications and top award winners:

Some Prize Winners

Copper, Mrs. Frank Antleau; wood, Herbert Kelley; leather, Mrs. Helen T. Meyer and Mrs. Roy Edwards; ceramics, Mrs. Dan Strite; fiber flowers, Mrs. Marcia Spies; crocheting, spreads and cloths, Mrs. Berthe Babin; hooked rugs, Mrs. Robert Newberry; braided rug, Mrs.

CAPTAIN AND MRS. S. M. ULLMAN and Diana and Donna Norris, all of Sierra Madre, are pictured above as they chatted across a Kokura (Japan) bank counter with another Sierra Madorean, Braun Collins.

Completing their 15 weeks USO tour with the "Franks for Yanks" troupe, the Norris twins, daughters of the James Norrises, 297 Mariposa, Diana and Donna, played in Kokura, Japan, on the 30th and 31st of May. They were eating lunch at the Officers Club just before taking the train out of town that would lead them to the Port and home—when they were greeted by Captain and Mrs. Sanford Ullman, who are stationed at Kokura General Depot. Capt. Ullman will be remembered as the founder and first commander of the Sierra Madre National Guard Company, with which he re-entered the Army in 1950, later taking it to Japan and Korea. Mrs. Ullman was the former

Doris Wolcott, and a resident of Sierra Madre from childhood.

After the first amazed greetings were over, all four adjourned to the Kokura Branch of the Bank of America to see Braun Collins, the Assistant manager—and to reminisce still further. Braun, too, is a Sierra Madorean—a half-brother of Henry Neutzel and a nephew of Woodson Jones.

The Norris girls were unable to stay longer—the Japanese trains run on time—but the half hour or so left plenty of time for reminiscing—and for Braun and the Ullmans to press many a message on the homebound twins, who should arrive in Sierra Madre on June 23, full of stories of their trip to the Far East and Korea.

British Home Holds Annual Garden Fair

Several hundred men and women from the Los Angeles area, including several representatives from the British consulate and their families, attended the annual garden fair Saturday on the grounds of the British Home in California, Ltd., 647 Manzanita, Sierra Madre.

Booths were set up at which were sold cooked foods, needlework, white elephant items, and other merchandise. The Home booth featured baby clothes, aprons, etc., all made by the 24 residents of the home here. Tables and brightly colored garden umbrellas also added to the colorful scene. Luncheon was served after 11 o'clock by members of the Annie Laurie chapter in Los Angeles and tea was served later by the Alhambra chapter.

The various booths were sponsored by British groups in the area as well as the Canadian Legion and the Canadian Club.

Mrs. Walter Aiton of Hollywood, president of the British Home in California, Ltd., officially opened the fair. Miss Jessie Boyd is director of the home here.

The Sierra Madre home is the only one in this part of the country and one of five in the United States. Proceeds of the fair will assist in defraying the cost of maintenance.

Blythe Foote Returns To Foreign Service

Miss Blythe Foote, a Sierra Madorean who has been in foreign service for the nation's State Department the past five years, is now in Washington, D. C. for a new assignment after a month's visit here at the home of her father, Robert O. Foote, 807 Skyland Dr.

Miss Foote, who began her career in the United States Foreign Service by joining the American Embassy in Vienna for three years, is a student of five languages now preparing to take the post of assistant information officer in Bonn, the capital of West Germany. Before her visit here, she had served two years in the same capacity throughout Turkey while assigned to Ankara.

While in Sierra Madre, she also was entertained by her mother, Mrs. Blythe Mendenhall, wife of William V. Mendenhall, supervisor of the Angeles National Forest here.

Miss Foote expects to sail for Germany sometime within the last week of June.

The News is pleased to introduce Verna H. Lumbard of Sierra Madre, our new editor.

The wife of S. C. Lumbard and daughter of A. B. Harris of Gary, Ind., Mrs. Lumbard has had a total of 13 years newspaper experience on two dailies—the Gary Post-Tribune and the Evanston (Ill.) News-Index, as society reporter, general reporter, woman's editor, church editor and feature writer.

A midwesterner by birth, she moved to Darien, Conn., by way of Indianapolis, Ind., Detroit, Mich., and Williamsport, Pa., "retiring" from newspapers "for a change," she did cost accounting work and was assistant to the office manager of the Chas. H. Phillips Co. Division of Sterling Drug Co. in Glenbrook, Conn., for seven years.

Her husband's business brought the couple to California and Sierra Madre a year ago and close proximity to a weekly newspaper proved magnetic.

Her interests? She says she collects recipes that somehow never get filed, occasionally sews a crooked seam, tries gardening but California has her all confused (pansies in October, yet!), reads a lot, escape-type, and frets about letters that don't get written.

Postal Receipts for May Under Last Year

The Sierra Madre Post Office reports postal receipts for the month of May totaling \$6034.43. The figure for the corresponding month in 1952 is somewhat higher, \$6,739.85. The above receipts, as reported by Arthur H. Embree, assistant postmaster, cover the sale of stamps and stamped envelopes, box rents and miscellaneous.

Leonard Franco Receives BA Degree In USC Exercises

Leonard Franco, son of Mr. and Mrs. Franklin Franco, 409 N. Mountain Trail, was graduated Saturday, June 13, from the University of Southern California, receiving the B. A. degree in English. Another Sierra Madrean in that graduating class was Miss June Rosen of 153 N. Lima.

Franco expects to enter the university's optometry school in the fall.

Graduating from high school in Bound Brook, N. J., Franco then studied for a year at the University of Notre Dame before enlisting in the Army. He was trained in the infantry communications and was discharged as a corporal in 1949.

After his discharge he entered UCLA and studied there for a year and a half, then entered the University of Southern California, from which he was graduated.

A year ago this month, at commencement exercises, he was commissioned a second lieutenant in the Air Force ROTC.

During the summer months he will be employed by the Pasadena department of recreation.

Former Resident Wins Doctor's Degree From Caltech University

Robert Donald Forester of Bakersfield, a Sierra Madre resident until a year ago, received the Ph.D. degree from Caltech last week, having majored in geophysics and structural geology. Forester, who is 28 years old, is employed in Bakersfield by the Standard Oil Company.

His wife, the former Mentr Lesley of Sierra Madre, is the niece of Mrs. Everett Rock, 401 W. Sierra Madre Blvd. The Foresters became the parents of a baby daughter, Terie Lynn, on April 25.

Beulah Belle Cook Dies in Los Angeles

Mrs. Beulah Belle Cook, 319 Ramona, died last Thursday in a Los Angeles hospital. She was 76.

A resident here for the last three years, Mrs. Cook was a Missourian who had lived in California 60 years. She is survived by a cousin, Mrs. L. E. Bowman of Paramount, Calif. Services were held last Saturday afternoon in the Uter-McKinley Chapel in Pasadena, with Dr. Orwin Cook officiating. Dr. Cook, who has his own church in Los Angeles, is a nephew of her deceased husband.

Interment is in Mt. View Cemetery, Altadena.

Al Freeland Receives Surprise Visitors

Al Freeland, Sierra Madre's water superintendent, was pleasantly surprised last Friday by the unexpected appearance of his two sons, William B. and Robert E. Freeland, who arrived with their mother, Mrs. Amanda Freeland, to visit friends and relatives here.

William recently returned from Korea after two years in the Army, and Robert, whose They and their mother plan

to leave the end of this week for their home in Tucson, picture was carried by the News last week, has been awarded a four-year scholarship to the University of Arizona.

Well, kids, today's the big day! After today everyone will be going on vacation. Dennis Rimmel is going to Ohio for most of the summer, and Jane Lange is going to the beach to stay a few weeks.

Friday, May 5, Karol Larson had a party. Her crowd was all there, including Linda Cohen and Bill Bowling, Dave Porter and Marsha Merrill, Ricky Rudy and Frances Cook, Loren Jesperson, Sandy O'Remus, Catherine Hurwit, Danny Morris, Ronnie Lindblad, John Long, Larry Eastin, and Marc Drake.

We have two medal winners in our midst. Last Thursday Nancy Rogers won the girls' award for the Sons of the American Revolution, and Karene Rogers won an American Legion award.

Last Saturday night Wilson had a Hi-Y dance at which Dick Stinton was present.

The Board and Cabinet at Muir had an over-night beach party at the home of one of the board members. That "Social Butterfly" Ron Boorman was there.

Last Monday Julie Conzleman came home after spending a few days at Lake Tahoe following the close of school at Stanford U.

Muir's prom will be held at the Glendale Civic after graduation tonight.

Tonight Marilyn Morse of Altadena is having a party for her graduating friends. The party, to which Gretchen Conzleman and Ronnie Boorman are invited, starts at 2 a.m. and goes until 6 a.m.

All you graduates, good luck at graduation tonight; and have fun at your parties afterward.

NANCY ANN WELCH

Miss Nancy Ann Welch, daughter of Mr. and Mrs. Lloyd B. Welch, 50 Montecito Ct., will become the bride of Donald Bruce Stone of Arcadia in a ceremony Saturday morning at 10 o'clock in St. Elizabeth's Catholic Church, Altadena.

WEDDING OF WAVE, NAVY SEAMAN FIRST
IN FAITH LUTHERAN'S NEW CHAPEL

SEAMAN AND MRS. ROBERT MORRIS BROUSSEAU are pictured here as they appeared on their wedding day, Sunday, when they were the first couple to repeat their marriage vows in Faith Lutheran Church's new chapel. The bride, a WAVE yeoman, is the former Wynne Cleo Schweppe, daughter of Mr. and Mrs. Frederic Schweppe, 182 N. Lima. Seaman Brousseau, son of Mrs. Margaret Brousseau of Los Angeles, has an identical twin brother, Roy, who is in Korea. The newlyweds are stationed at the Naval Station on Treasure Island.—Paul Kennedy Studio Photo

WAVE Yeoman Wynne Cleo Schweppe of Sierra Madre and Seaman Robert Morris Brousseau of Los Angeles were married Sunday afternoon in a ceremony also distinctive for being the first performed in Faith Lutheran Church's new and recently dedicated chapel at Sierra Madre Blvd. and Hastings Ranch Dr.

The ceremony in the flower-decorated chapel followed Navy tradition in its effective simplicity.

Bride's Attendants

The bride, daughter of Mr. and Mrs. Frederic Schweppe, 182 N. Lima, wore her dress white uniform and carried a bouquet of white carnations, stephanotis and lilies of the valley circling a single white orchid. She later pinned the orchid to her uniform as a corsage when she left on her wedding trip.

Attending the bride were her sister, Mrs. Robert Osti, the former Yvonne Schweppe, as ma-

tron of honor, WAVE Yeoman Virginia Wetherby of San Francisco and Miss Joy Elliott and Miss Florence Foley of Temple City. The WAVE bridesmaid was in uniform, the others wore navy blue suits and white hats. Mrs. Osti carried a bouquet of yellow tinted carnations and the bridesmaids' bouquets were of pink.

Has Identical Twin

Seaman Brousseau, in his dress blue uniform, had as best man his brother, John Brousseau of Los Angeles. Ushers, two of whom have been staying at the Schweppe home, were Seaman Leonard Barrett of Sierra Madre, home on leave, and Yeoman Monte Henley and Richard Gould who are stationed, as are the newlyweds, at the Naval Receiving Station on Treasure Island in San Francisco.

Missing in the wedding party was the bridegroom's identical twin brother Roy, who is in service in Korea.

Reception in New Hall

At the conclusion of the ceremony the bridal party and approximately 130 wedding guests gathered in the new parish house for cake and punch.

The young Navy newlyweds are on a honeymoon trip to Catalina Island at present. On their return they will spend the balance of their three-week leave visiting with their families and friends.

Herbert Opera
Ends Season
At Playhouse

Victor Herbert's comic opera, "The Fortune Teller," opening tonight at the Pasadena Playhouse, will wind up the theater's list of engagements for the season.

A full orchestra, large chorus, and a mixture of ballet assure an adequate backdrop for the popular musical that features some of Herbert's best-loved music. The score includes "Romany Life" and "Gypsy Love Song."

The story concerns the romantic adventures of a Hungarian gypsy fortune teller.

The beautiful Carolyn Dale sings one of the leads, as Musette the fortune teller, with Carl Huddleston, Charles McCulloch, and Albert Dinnage also in top roles.

Directors are Edgar Moulton and Barbara Vajda.

MARRIAGE SHOULD GIVE,
NOT DOMINATE

Any partnership so basic to the happiness of individual men and women as the marriage relationship should certainly wish to benefit fully by sharing the special capacities, interests, and abilities of each other. How greatly enriched is the union where each participant has the passion to give and to bless, not to rule or to dominate. — Dr. J. Richard Sneed, First Methodist Church, Los Angeles.

Civilian employment in May rose to 61,658,000.

A Sierra Madre June bride and her husband are on their wedding trip now, with stops planned in Carmel, Santa Barbara and San Francisco. She is Mrs. Richard Riley Bogard, the former Dolores Darlene Hedwall, daughter of Mr. and Mrs. George E. Hedwall, 417 N. Mountain Trail.

The marriage of the young couple took place at 5 o'clock Sunday in Pasadena's Chapel of Roses, decorated with garden flowers for the ceremony. The attractive brunette bride wore a traditional white satin gown fashioned with a lace-trimmed, fitted bodice, long full skirt and train. Her chapel length veil was held in place by a small calot of the satin. Her bouquet was of white roses circling a single white orchid.

Stevens of South Pasadena and Mrs. Shirley Rossitti of Glendale. The bridesmaids' dresses were of pale yellow net and taffeta and their small caps and bouquets were of orchid sweet peas.

The bridegroom, who is the son of Mr. and Mrs. Wilbur R. Bogard of Glendale, had as his best man Robert Jasperson of Glendale. Ushers were Don Hedwall of Pasadena, Bert Umstead of Glendale and Mr. Howard King, also of Glendale, summer suit and matching dale.

Music during the ceremony included vocal solos of "Because," "I Love You Truly" and "The Lord's Prayer."

Reception in Chapel

Following the ceremony the couple received the good wishes of the wedding guests at a reception in the chapel and later gathered briefly with their closest friends for a small send-off party in the Hedwall home. The bride changed to a traveling ensemble, a gray summer suit and matching straw hat.

For her daughter's wedding Mrs. Hedwall wore a long dress of old rose with white accessories. The bridegroom's mother wore an aquamarine blue dress with pink accessories. Both had orchid corsages.

Pay more? What for?

Fifty Years Forward on the American Road

You don't have to pay costly-car prices for costly-car comforts.

Ford brings you everything [and we mean everything] you've ever wanted in a car, at a price that's well within your reach! And according to recent surveys, a Ford returns more of its original cost when sold than any other car at any price!

Here are a few of the "Worth More" advantages you'll find in the '53 Ford:

1. A V-8 engine—powerful and smooth!

Ford's famous high-compression V-8 is a leader in quiet, flexible, economical performance. Ford, remember, has built more V-8's than all other makers combined—over 13 million!

2. America's most economical Six engine!

If it's a Six you want, Ford offers you the high-compression, low-friction Mileage Maker . . . the engine which, with optional Overdrive, won over all other cars in this year's Mobilgas Economy Run!

3. America's finest and most versatile automatic drive!

Fordomatic Drive is the "auto-

matic" which gives you both the get-up-and-go of automatic gears and the smoothness of a fluid torque converter.

4. Automatic gas savings!

Ford's Automatic Power Pilot (on Six and V-8) meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely.

5. America's newest and finest power steering!

Ford's Master-Guide power steering gives you new ease, stability and safety in guiding your car on smooth roads or rough. Steering is up to 75% easier.

6. Largest choice of models in the low-price field!

Ford alone gives you a choice of

18 different models . . . a SIX or V-8 . . . Fordomatic, Conventional or Overdrive . . . the widest variety of body, color and upholstery combinations.

7. A body that's the style-setter!

Only Ford in its field gives you the advantages of a hull-tight Crestmark Body . . . the trend-maker in design and beauty. Ford's body is the longest and Ford's trunk, the largest.

8. New driving conveniences!

Ford's first in its field with "Worth More" features like . . . easier-acting, suspended pedals that eliminate floor holes . . . foam rubber cushions on front and rear seats in all models . . . and convenient Center-Fill Fueling.

9. An automatically controlled ride!

The wide front tread (widest in

the low-price field) takes tilt out of turns . . . gives you a more level ride. With new "balanced suspension," new spring and shock absorber action and new rubber compression bumpers, road shock in the front end alone is reduced up to 80%.

10. It's worth more when you sell it!

An impartial survey of used car prices proved that Fords return a greater proportion of their original cost than any other cars in America.

But don't take our word for it. Stop in and Test Drive this Ford for yourself. We predict you'll be sold before you're in second! It was true last year; it's even truer this year: you can pay more, but you can't buy better than Ford.

WORTH MORE WHEN YOU SELL IT . . .

MARRIAGE HAPPINESS

Every marriage has certain values created in its past which could redeem it in the present. There are times when men gain new perspective by looking

backward. But the greater fact is that the highest point for marriage happiness can always be ahead. — Dr. J. Richard Sneed, First Methodist Church, Los Angeles.

THE BIBLE IN THE NEWS

Subject: Sermon on the Mount

The American Bible Society has initiated a publication project with the Bible Society of India that will give the people of that country the Sermon on the Mount in 15,000 to 200,000 editions in seven major languages of India. The little books will be done in simple, easy-to-read translations and bound in colored covers. A wide reception among India's millions is expected because of Gandhi's devotion to this portion of the Scriptures.

The Sermon on the Mount is now available in English, French, Portuguese, Spanish, Korean and Japanese.

Bible School Starts Monday At Bethany

The daily vacation Bible school in Bethany church will open at 9 a.m. Monday for a two-week period. The theme will be "Crusade with Christ," and children eligible are between the ages of those entering kindergarten next fall up to high school.

In carrying out the theme, the staff of 30 volunteer workers will take on the roles of castle counselor, herald, chronicler and watchman. The boys and girls will aim to raise their ranks from page to knight or from maid to lady.

Director Named

The school this year is under the direction of Mrs. Evelyn Moore, a graduate of the Bible Institute of Los Angeles, who has been active in children's work and in conducting several similar Bible schools along the West Coast.

She states that this program for children of kindergarten age and up, is planned to include, visualized Bible stories, memory work, activity periods, and handicrafts best suited to each age group, and is correlated to create the maximum enthusiasm and learning on the part of the child.

"Knighting" Rites Planned
The climax to the school's activity will come at the end of the two weeks, when boys and girls will be honored according to their rank, and when in an impressive knighting ceremony those who have excelled will be "dubbed" knight or lady.

Bus service will be provided to East Pasadena, Hastings Ranch, Coronet Homes, Sierra Madre canyon and the Arcadia districts and arrangements may be made by calling CU. 5-1409 or SY. 2-2348.

Lutheran Pastor Tells Plans For Bible School, Sermons

Rev. A. Hesse, pastor of Faith Lutheran Church, has announced the opening Monday morning, June 22, of the two-week Children's Vacation Bible School, and also his summer sermon series.

"I Believe" is the title which Rev. Hesse has given to his summer series of Sunday morning sermons. The first of these will be given next Sunday morning, June 21, at 10:30, under the theme: "I Believe in the Divine Inspiration of the Bible."

Asks "Faith in What?"

The local pastor explained that he was led to present this series of sermons "because in our day 'belief' is such a vague thing. You hear people say very often 'You must have faith!', and that is where their advice and encouragement

Is Creative Power Material, Spiritual? Asked in Sermon

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon in all Christian Science churches on Sunday. The sermon centers on the question: "Is creative power material or spiritual?"

This declaration from the Psalms (24:1) is the Golden Text: "The earth is the Lord's, and the fulness thereof; the world, and they that dwell therein."

A Bible passage from John's Gospel (6:19-21) shows "Jesus walking on the sea, and drawing nigh unto the ship." The disciples were afraid. "But he saith unto them, It is I; be not afraid. Then they willingly received him into the ship: and immediately the ship was at the land whither they went."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Jesus walked on the waves, fed the multitudes, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law" (p. 273).

Funeral Rites Held For Harry H. Egbert, Former Resident Here

Funeral services were held Saturday afternoon in Grant chapel for Harry H. Egbert, former Sierra Madrean, who died June 10 at the age of 77 in an Altadena rest home. He was the father of Mrs. Arthur Embree of West Covina, formerly of Sierra Madre.

Rev. Carl Smith of the Congregational Church conducted the funeral rites. A private committal service was held at the Pasadena Mausoleum. Egbert, who was born in Davenport, Iowa, also is survived by a son, William F. Egbert of Concord, Calif., and two sisters, Mrs. Rhoda Highly of Long Beach and Mrs. L. R. Forsyth of Omaha, Neb.

He had lived in this vicinity since 1939.

Cancer kills more children from 3 to 15 years of age than does any other disease, American Cancer Society statistics show.

ends. But faith in what? This summer series of sermons will present many of the fundamental teachings of the Bible.

The Children's Vacation Bible School will open Monday morning at 9 o'clock at Faith Lutheran Church, 835 Hastings Ranch Dr. Sessions will be held Mondays through Fridays, from 9 to 11:30 a.m.

Children of Faith Lutheran Sunday school, from the age of 5 to 15, are eligible to attend. Also welcomed will be children in this age category who are not enrolled in any Sunday school.

Explains Requirements

"These entry requirements were adopted," says Rev. Hesse, "first, because our teaching staff is limited in personnel; and, secondly, because it is not our object to coax pupils away from their respective Sunday schools."

Every morning's session will consist of a worship period, a definite lesson presentation and worksheet, and handicraft projects to augment the lesson of the day. Visual aids will be employed, and there will be a supervised period of play.

First Baptist Bible School Starts Monday

The First Baptist Church will hold a daily vacation Bible school for two weeks this summer, starting Monday, June 22, and continuing through Friday, July 3, at the church, 49 South Baldwin Ave.

There will be three classes consisting of students between the ages of 3 to 16 years, and held from 9 a.m. to noon, Mondays through Friday. Bible studies and handicraft will be the program for all classes.

Directing the school will be Mrs. Lonnie Hall. Rev. Bruce Herrstrom, summer supply pastor for the church, will teach the junior and intermediate class; Mrs. Timrott, Mrs. Jennings and Mrs. Virginia Rhodes will teach the primary group; and the beginners will be taught by Mrs. Roy Gibbs and Mrs. McQuire.

All boys and girls between the above ages are invited to attend.

One of the earliest houses in the Sierra Madre tract was occupied by Albert Gregory for many years when he was superintendent of the Hastings Ranch.

The New Packard CLIPPER

This great new medium-priced line is making the kind of news you like to read: "a truly big car that even 'lowest-price' buyers find interesting."

MAYBE you're a confirmed "lowest-price" car buyer, but are beginning to wonder whether you couldn't use a little more automobile on today's crowded, high-speed highways. We'd especially like to have you see and drive the new CLIPPER.

For, if you'll think a minute, you'll realize that with a dolled-up "lowest-priced" car you're really in the medium-price field anyway, or close to it. And you've still got, basically, a smaller, lighter car, with no chance of adding the BIG Important Three of today's driving:

power steering, power braking and power shifting . . . all of which are available to CLIPPER owners.

Every inch your big-car dream!

That 122-inch CLIPPER wheelbase and overall length of 213 inches is Big! Yet the CLIPPER is perfectly parkable in metered spots and tight spaces. And on the road it's a dream!

Power? Ever since you took your first jalopy to your heart, you've heard that Packard engines are famous the world over for power and ruggedness.

PASADENA FIRE DEPT. SETS PLANS FOR ANNUAL FIREWORKS

Pasadena Fire Chief S. H. Edmondson has announced that tickets for the 27th annual Fourth of July Circus and Fireworks display presented by the Fire Department band will go on sale tomorrow, June 19. As has been the custom for several years all seats will be reserved and the double barreled show will start promptly at 8:15 p.m.

An interlude of patriotic music will be given by Dr. John Henry Lyons' famous Boys Choir between the two portions of the show.

Some outstanding circus acts will be combined for the first portion of the show. Bernard W. Wells, English pyrotechnic engineer who has staged fireworks displays all over the world is this year assisting in building and firing the largest fireworks display which has ever been presented in the Rose Bowl.

Tickets will be available at the Pasadena Central Fire station, Arroyo Parkway and Holly St., and at all neighborhood Thrifty Drug Stores.

New Jersey state taxes, at \$35.83 per capita, are lowest of any state, says the National Industrial Conference Board.

With BOB BROGGER

Just two more days to get your entries in the mail predicting outcome of Pacific Coast League pennant race. Last week we failed to tell you to mail them to the News office, if you haven't already.

Again we want to remind you not to just guess the pennant winner, but what the standings will look like at the end of the season.

Since a lot of you fans said you would like to hear us talk about the L. A. Angels and Hollywood Stars more often, we finally broke down this week and decided we'd print some gossip on these two rival teams.

"George O'Donnell will win 20—maybe 25 games for us this year." That's the estimate of Manager Bobby Bragan.

"O'Donnell has the ability to be the league's top pitcher."

Spec Padgett of the Angels got a late start in professional baseball due to college and the service. . . This is only Spec's fifth year in the game although he's 29. . . He was a three-letter man at Clemson and Erskine and holds a B.A. degree. . . Padgett says he's related to Don Padgett, former major league catcher. Asked why he spells his name with one "T," Spec answered: I come from the lazy side of the family.

Frank Di Prima has lost 20 pounds since spring training. He can't afford the weight, he's down to 155. . . Watch Di Prima on the double-plays; he figured in 180 last year.

Bragan better give Erv. Dusak a pitching chance before "Four Sack" maims the entire Hollywood staff. . . "One night in Oakland I had Dusak and Harry Fisher warm' up and the next thing I knew, Dusak had hit Fisher on the cheek with a ball. Another time when Red Munger was slated to go, he came up with a sore arm. Dusak is his "roommate," laughed Bragan. . . But Bragan chalks it up as a coincidence.

The Navy has decided to stop making its own paint, except grades which have no civilian equivalent.

Authorities Give Traveling Instructions For Your Dog

Your dog's traveling outfit isn't nearly as much trouble as yours. All he needs is an extra leash to be exercised on, a well-fitting collar bearing his license tag and, most important, a plate imprinted with your name, home and state address and the telephone number of a friend who will be at home while you're away, just in case he gets lost.

Pack a small traveling kit for Towser, containing his feed and water pans, a grooming

brush, a sleeping rug or cushion and a package of his usual dog food, a mixing spoon and can opener. Although well advertised dog foods are obtainable along your route, it may not always be convenient to shop.

Feed your dog lightly, or not at all, on the day you start. During the trip feed at the usual hour but feed lighter than you normally do. Remember that your dog needs frequent drinks of fresh water, especially during the warm weather.

Dogs should never be left alone in new quarters. Although your pet may be a model of good behavior at home, dogs invariably protest against being left alone in a strange place and show it by howling, chewing up a rug or

scratching the door in an effort to get out. To insure a continued welcome for your dog, observe the rules set up by the establishment where you stay. Exercise your dog on a leash so he won't damage shrubbery or flower beds. Don't let your dog use the inn's blanket or chairs for a bed and don't take him into restaurants.

Have set times for exercising your dog during the day. About four steps is usually enough but include a brisk walk or a good run each morning and evening or sometimes during the day, in a field or some other open area away from traffic.

Dickie Dewey Awarded In 'Soap Box' Contest

The first award made in the Soap Box Derby contests has been won by Dickie Dewey, 10-year-old son of Mr. and Mrs. Jim Dewey, 250 W. Highland.

Dickie, competing in a field of 68 boys in the Pasadena-Sierra Madre area, finished his all-red racer ahead of every one else, including his older brother, Mike, who also shows promise as a strong contestant for the first races in Pasadena, July 25.

Young Dewey, who was awarded \$10 by Uptown Chevrolet owner, John Wilks Jr., for his accomplishment, also has the pleasure of seeing his expertly streamlined racing car on display at Uptown's showroom, 245 W. Colorado, in Pasadena.

According to Sterling Ripple, local chairman for the "Derby" contests, 11 boys in Sierra Madre are building cars for the event. All must be 11 years of age before the date of the finals in Akron, Ohio, Aug. 29.

Charles Coburn Opens One-Act Play Series

Charles Coburn, star of stage and screen, will be on hand June 26 to open the one act play tournament of Little Theater groups, in the Mission Playhouse, San Gabriel.

This tournament was formerly held in Santa Ana for the past 26 years and is making its initial showing June 26 and 27 in the mission city.

Civilian employment in May rose to 61,658,000.

Summer Camp Major Item This Season

Roy O. Gilbert, M.D.
Los Angeles County Health Officer

If your home harbors children between the ages of 10 and 16, it is almost a sure bet that summer camping is becoming a major subject of conversation.

The following information has been assembled as a general guide concerning costs, types of camps, programs, and supervision.

In Southern California camping opportunities are almost unlimited. Campsites are scattered from Griffith Park, which is only 5 miles from the Los Angeles Civic Center, to Catalina Island and into the most remote sections of several mountain ranges. One of the "camps" cater to hikers and bicyclists who stay at hotels or pitch camp at the end of their day's travel.

Cost Varies

The cost at summer camps range all the way from \$1.00 per week (Boy Scouts who bring their own chow) to \$150.00 for girls who go in style. The average cost at camps sponsored by organizations such as churches, YMCA, YWCA, and school districts is about \$15.00 to \$20.00 a week.

Many sponsoring organizations offer free or pay-pay "camperships" to youngsters who are unable to afford the established prices. It is necessary that parents or youngsters write to the camp of their choice in order to get information about such camperships.

Specialized Camps

Camp programs are almost as varied as the interests of the children who attend. One camp is set up for those who play musical instruments, another for the visually handicapped. Hard of hearing children, however, are placed in camps designed for normal children. A number of camps specialize in providing opportunities for children who are emotionally disturbed, mentally retarded, or who are handicapped in other ways. Some camps are operated for those of certain religious beliefs.

Most camps belong to the Southern California Camping Association which has set standards for administration, program, personnel, health, safety, and sanitation.

State Health Standards

Health standards require that each camper and staff member have a complete physical examination by a registered physician within a week prior to arrival in camp. Each camp must have a physician available within one hour, and every camp staff must include a nurse, intern, or a person who holds a Red Cross First Aid certificate.

Provision for adequate rest, use of pasteurized milk, water tested by public health officials, and menus approved by a competent dietitian are required.

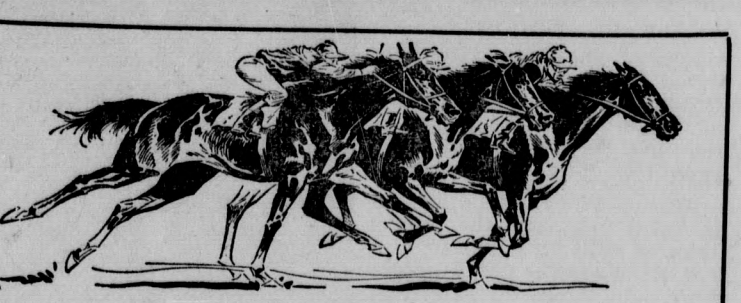

Safety standards insure that all water activities be supervised by a certified water-safety instructor. Transportation must be available at all times and camps must have access to 24 hour telephone service.

All camps in Los Angeles County operate under the permits of the County Health Department which require that sanitary standards be maintained. A corps of inspectors specially trained in mountain and rural sanitation provides supervision which is probably more complete than that of

fered by any other health department in the United States. Anyone interested in summer camping in Southern California may obtain a detailed

Directory of Camps from the Camping Bureau of the Welfare Council of Metropolitan Los Angeles, 729 South Figueroa Street, Los Angeles 17.

if NERO
had had a phone

he might have called the local Fire Department instead of playing pretty music while Rome burned. . . and then again he might not—since Nero seemed to enjoy the sight of smoke and flame.

In fire emergencies the telephone is an important tool. The courage of telephone operators faced with the danger of fire—their devotion to duty and their willingness to go far beyond the call of duty—is an American tradition.

And the telephone is an important tool for all sorts of emergencies—the number of telephones in service grows and grows as populations increase. 1952 was a year of wonderful progress in the expansion of telephone facilities and 1953 promises to be an even better one.

and LAST time.

Ralph "Pappy" Welch sold that winning ticket to Virginia Smith — at first it looked as though she might have been one she sold to herself for the Civic Club.

If "Pappy" gets the \$100 award for selling the winning ticket he proposes to put it where it appears to be needed most . . . against Fair expenses or into the swimming pool fund.

their parents, totaled 55 guests for the occasion at which the girls were given small felt wings and their Girl Scout pins in the "fly-up" ceremony which promoted them to the Girl Scout organization.

It was very fitting that this tea should be given at the Holmes' residence since it was there, 3 years ago, these same girls became Brownies.

During the past year the leaders of this troop have been Mrs. Warren Stillman and Mrs. R. E. Vaniman, the latter having planned the tea for the girls.

The girls who will now be in Girl Scouting are: Joy Palmer, Nancy Batterson, Caroline Dunn, Judy Crossett, Barbara Barlow, Bonnie Reeves, Kathy Peters, Sandy Sigman, Rose Marie Villalobos, Sharon Grenier, Helen E. Holmes, Deanna Vaniman, Mariella Smith, Sally Sorenson, Elaine Bogart, Joan Zeman, Eileen Rogers, Heidi Stillman, Kay Ketchum, Ann Freiks, Hilda Braun, Patty Putnam and Janet Lindman.

water.

A short time ago den mother Margaret Kelly and Mrs. B. J. Miller took members of the four dens to see the Life With Luigi TV show. Proving that they kept their eyes and ears wide open all during the performance, the boys went home and put their inventive minds to work building TV cameras, control panels, microphones, switches and other broadcast equipment, out of wood and

cardboard boxes. This was all in keeping with the theme for the month, "Radio TV," and in preparation for the regular monthly pack meeting. When the day of this event rolled around, all the TV apparatus was "installed" at the American Legion Hall on Vinedo Street, Pasadena, and the meeting got under way with an unusual display of histrionic talent.

Under the direction of den mothers Helen Donaldson, Mary Louise Rios and Teddy Andrews, Dens three and four put on several hilarious comedy skits that had every member of the audience splitting his sides with laughter. The first skit presented was a hand-puppet show in which Tommy McKeenan, Stan Perzowski, Teddy Schnoor and Gerald Donaldson performed like seasoned troopers. However, the skits that really brought the house down were those presented by Mrs. Rios' den. The boys did pantomime acts of the following records: "She Wears Red Feathers," "Doggie in the Window," "Tell Me a Story," and "Bachelor Song." James Miller as the Gob and a chorus of five love-lies (cubs) attired in home-

made Hula skirts surprised their moms and dads with sterling performances in their unique rendition of "She Wears Red Feathers." Likewise Don Smith gave a convincing portrayal of Patty Page in the "Doggie in the Window" song. Robert Schram as Daddy and Louis Rios as the naughty boy in red pajamas were rewarded with enthusiastic applause for their interpretation of "Tell Me a Story." And last but by no means least was "Bachelor Story" which featured Richard Stube as the lonely bachelor and the barber shop quintette, made up with handlebar moustaches and toasting with genuine beer mugs.
